KOREA AEROSPACE & DEFENSE EXHIBITION 2003

Introduction

UAV International Conference & Exhibition

I would like to inform you of the 'UAV International Conference & Exhibition', one of the events affiliated with in The Korea Aerospace & Defense Exhibition 2003 (Korea Air Show 2003) that is scheduled to be held in Busan, BEXCO from November 4-9, 2003.

As we all know, the UAV industry is showing rapid growth all over the world. The UAV market in the munitions and civilian field is set to enlarge at an astounding pace. The Korean government and military as well as research institutes and corporations are making every effort to support the development in UAV industries.

The 'UAV International Conference & Exhibition' being held at this crucial point in time will have many UAV-related business personnel discussing future prospects and technologies. Along with the conference, there will be an indoor exhibition hall where participating companies can display their UAVs.

For the UAV International Conference, I would like to invite you to present your company's technology and products. This conference will have a significant impact on the industry as it is being held along with the Korea Air Show 2003. 'UAV International Conference & Exhibition' will allow you to create business contacts and provide your company with invaluable opportunities to enlarge business territories not only in Korea but all across Asia.

We look forward to seeing you there. Thank you very much.

Kil Hyung-Bo
Chairman
Korea Aerospace Industries Association
